	:	
Application for Licensure of	:	
Agents, Brokers and Consultants	:	12-0358
under Section 16-115C of the	:	
Public Utilities Act.	:	

ORDER

By the Commission:

I. INTRODUCTION

On May 23, 2012, Muirfield Energy, Inc. ("Applicant") filed a verified application with the Illinois Commerce Commission ("Commission") requesting a certificate of service authority to operate as an agent, broker, or consultant ("ABC") in Illinois pursuant to Section 16-115C of the Public Utilities Act ("Act"), 220 ILCS 5/1-101 et seq., and 83 Ill. Adm. Code 454, "Licensure of Retail Electric Agents, Brokers and Consultants" ("Part 454"). Applicant requests authority to offer services as an ABC for the procurement or sale of retail electricity supply for third parties in the State of Illinois. On June 5, 2012, Applicant filed an errata consisting of the organizational chart missing from its May 23, 2012 application.

II. REQUIREMENTS FOR ALL APPLICANTS UNDER SECTION 16-115C OF THE ACT

Applicant is a business organized under the laws of Ohio and licensed to transact business in Illinois. Applicant has certified that it will comply with all applicable regulations; that it will comply with informational and reporting requirements established by Commission rule; that it will comply with informational and reporting requirements pursuant to Section 16-115C of the Act; and that it will comply with all other applicable laws, regulations, terms, and conditions required to the extent they have application to the services being offered by an ABC. Applicant has agreed to ensure that any person who acts on its behalf will comply with all applicable sections of Part 454. Applicant agrees that it will remain in compliance with the provisions of the Act and Part 454, and will ensure that authorizations received from customers, and all other applicable records are retained for a period of not less than three calendar years after the calendar year in which they were created. Applicant has agreed to adopt and follow rules and procedures to preserve the confidentiality of its customers' data. Applicant states that it is licensed in Ohio as an electricity and natural gas broker/aggregator and in Pennsylvania as an electricity broker. Applicant reports that it has not had any complaints filed against it in any jurisdiction.

III. FINANCIAL, TECHNICAL, AND MANAGERIAL REQUIREMENTS OF SECTION 16-115C

Applicant is required by Section 454.60 to demonstrate that it meets the managerial qualifications necessary to provide services as an ABC. Applicant must further provide an organizational chart that indicates the position of persons which satisfy the managerial qualification. Applicant has demonstrated that it meets the managerial qualifications set forth in Section 454.60 through Attachment C to the application and Attachment C1 to its June 5, 2012 errata. Attachment C identifies the occupational background information of the person being used to meet the requirements of Section 454.60(a) and Attachment C1 contains a corporate organizational chart.

Applicant is required by Section 454.70 to demonstrate that it meets the technical qualifications necessary to provide services as an ABC. Applicant has demonstrated that it meets the technical qualifications set forth in Section 454.70 with the information provided in Attachment D (which is identical to Attachment C). Attachment D contains occupational background information on the person being used to meet the requirements of Section 454.70(a).

Pursuant to the requirements of Section 454.80 of Part 454, Applicant provided a surety bond in the amount of \$5,000 issued by a qualifying surety authorized to transact business in Illinois. Applicant further agrees to comply with the Code of Conduct for ABCs contained in Section 454.90.

IV. COMMISSION CONCLUSION AND CERTIFICATE OF SERVICE AUTHORITY

The Commission has reviewed the application and attachments along with the errata submitted by Applicant regarding the technical, managerial, and financial requirements and all other requirements of the Act and Part 454 and finds that the Applicant sufficiently demonstrates compliance with the requirements. The Commission concludes, therefore, that Applicant's request for a certificate of service authority to operate as an ABC in Illinois should be granted and should include the following authority:

CERTIFICATE OF SERVICE AUTHORITY

IT IS CERTIFIED that Muirfield Energy, Inc. is granted service authority to operate as an agent, broker, or consultant for the procurement or sale of retail electricity supply for third parties in the State of Illinois.

V. FINDINGS AND ORDERING PARAGRAPHS

The Commission, having reviewed the entire record, is of the opinion and finds that:

- (1) Applicant, a business organized under the laws of Ohio, seeks a certificate of service authority to operate as an ABC under Section 16-115C of the Act;
- (2) the Commission has jurisdiction over the party hereto and the subject matter hereof;
- (3) the recitals of fact and conclusions reached in the prefatory portion of this Order are supported by the record and are hereby adopted as findings of fact;
- (4) Applicant has demonstrated that it possesses sufficient financial, managerial, and technical resources and abilities to provide services as an ABC for the procurement or sale of retail electricity supply to third parties in the State of Illinois;
- (5) Applicant has complied with Section 16-115C of the Act and Part 454; and
- (6) Applicant should be granted a certificate of service authority to operate as an ABC as specified in this Order.

IT IS THEREFORE ORDERED by the Illinois Commerce Commission that Muirfield Energy, Inc. is hereby granted a Certificate of Service Authority authorizing it to operate as an agent, broker, or consultant; said Certificate of Service Authority shall read as that set forth in Section IV of this Order.

IT IS FURTHER ORDERED that Muirfield Energy, Inc. shall comply with all applicable Commission rules and orders now and as hereafter amended.

IT IS FURTHER ORDERED that, subject to the provisions of Section 10-113 of the Public Utilities Act and 83 Ill. Adm. Code 200.880, this Order is final; it is not subject to the Administrative Review Law.

By order of the Commission this 27th day of June, 2012.

August 23, 2017

Perry S. Oman
President
Muirfield Energy, Inc.
425 Metro Place North, Suite 550
Dublin, OH 43017

Dear Mr. Oman:

On July 5, 2017, Muirfield Energy, Inc. ("Company") filed an Application for a License to Supply Natural Gas or Natural Gas Supply Services under COMAR 20.54. The Company proposes to provide natural gas supplier services in Maryland for residential, commercial and industrial customers as described in the application.

After considering this matter at the August 23, 2017 Administrative Meeting, the Commission granted the Company a license to supply natural gas or natural gas supply services in Maryland (License Reference Number IR-3929). The license granted by the Commission under this Letter Order is limited solely to natural gas supplier broker services and for the customer classes and service territories recommended by Staff.

Finally, the Company is reminded that it is under a continuing obligation to notify the Commission within 30 days of any changes to the information upon which the Commission relied in granting this license. A copy of the supplemental or updated information is required to be filed concurrently with the Office of People's Counsel.

By Direction of the Commission,

A handwritten signature in cursive script, appearing to read "David J. Collins".

Mission Statement

- Building trusted partnerships with clients through long-term relationships and personalized service in order to properly manage businesses energy need and reduce their energy costs.

Experience

President, Muirfield Energy • February 2009 – Present

- Owner/Operator of independent energy management company.

Senior Sales Manager, Direct Energy • July 2005 – September 2008

- Directed C & I power and natural gas sales in Ohio, Michigan and western Pennsylvania.
- Responsible for the development of alternative sales channels throughout the Midwest.
- Tasked with the creation of a new operating region integrating the Strategic Energy acquisition into the Direct Energy organization.
- Responsible for C & I power and natural gas sales in New York State and natural gas sales in Ohio.
- Tasked with resurrecting and correcting the failed 2005/2006 New York C&I market entry.
- Redesigned New York business plan stressing utility billing for commercial accounts, utility purchase of receivables, defined sales territories, added sales staff and an updated product suite.
- Conducted assessment identifying products necessary to compete "up market" in the different markets of New York City and Upstate New York, this resulted in a 140% increase in Upstate New York industrial sales.
- Highlighted existence of 2 different business segments requiring differing approaches and products. Created small/medium business segment (SMB) & large commercial/Industrial segment (LCI). This increased geographic sales coverage while bringing about a 20% reduction in sales staff salaries.

General Manager, Amerada Hess • 1998 – 2004

- Directed and monitored all aspects of domestic commercial sales and marketing, including strategic planning, program development and implementation as well as contract administration. Directly administer \$8 million budget
- Responsible for commercial natural gas and electric sales to 12,000 commercial customers in a 7 state, 30 utility area designated by the Corporation as core market and brand recognition area. Group generated \$135 million in sales and \$12.6 million in gross annual margin. Delivered 30 bcf of natural gas at an average margin of \$.42 dth.
- Managed staff of 45 people. Including Commercial Account Sales, Marketing, Collections, Customer Service and a centralized Account Retention group. In addition, supervised Industrial Electric Sales Support.

Regional Manager, Equitable Resources • 1996 – 1998

- Responsible for the creation of a regional sales office in Saddle Brook, New Jersey. This region was tasked to handle all Commercial and Industrial sales/marketing activities in New York City, lower New York State, New Jersey, Connecticut and eastern Pennsylvania. Area of responsibilities included the territories of 14 utilities.
- Developed a comprehensive business plan for the New York metropolitan area. This plan detailed sales staff requirements for each area, timing of hires and minimum performance standards. In addition, market and industry segments, allocation of financial resources and New York/New Jersey demographics were analyzed.
- Responsible for the hiring and training region personnel. This included both commercial and industrial sales personnel as well as sales support personnel. Created an energy sales training manual to educate sales staff. Developed inexperienced sales staff, meeting all performance criteria within 6 months.

What customers say about Muirfield Energy

Energy Solutions for Your Business

"If a store is shopping for energy, (Muirfield Energy) is worth a call. (The consultant) was upfront and honest. Here is the beauty of working with a broker. As my representative was driving to my location, he checked the price of the other company that I had not selected and their pricing changed to be better than the company I had originally selected. We made the change and within one hour I signed an agreement and saved more money. These people helped me save a lot of energy dollars!"

*-John Cara
Owner, Gould's Supermarket, Conyngham, Pennsylvania*

"Muirfield Energy has guided us extremely well through the complexities of the wholesale electricity market. The Muirfield team is able to drill down on the myriad of options available to the business owner, then educate and support us lay persons making this important business decision.

*-Tom Hayes, CPA
CFO, Orthopaedic Medical Properties, Columbus, Ohio*

"Virginia Lee Embroidery has saved thousands of dollars on utility costs with the help and guidance from Muirfield Energy. Selecting the best energy supplier can be very challenging but with Muirfield Energy by your side, life is a breeze."

*-Josh Lenker
Owner, Virginia Lee Embroidery Inc., Millersburg, Pennsylvania*

MuirfieldEnergy

Energy Solutions for Your Business

Muirfield Energy is your full-service energy consultant.

From retail energy purchasing to consumption analysis, we work with you to lower costs and craft a long-term energy strategy that makes sense for your business.

Our knowledgeable team of consultants will analyze your current usage, estimate your future needs, and find the right solutions to meet your needs.

Retail Energy Supply

We help you select, compare, and purchase the best combination of price and product structure.

Utility Cost Analysis

We will sort through historical billing, help uncover any errors in your favor, and ensure your meter configuration is allowing you the lowest possible prices.

Risk Mitigation

We take a proactive approach in analyzing your risk tolerance or production cycles, and develop a plan to reduce your exposure to energy market swings.

Municipal Aggregation

Muirfield Energy can guide entire communities toward bulk discounts on their collective energy usage. We expedite the proposal, contract, and enrollment processes.

As an independent energy consultant, we work for you, the client. Our knowledgeable team of consultants can lower your costs and help craft a better energy plan for your business.

Electricity Plans

Finding the right electricity product depends on thorough analysis of current usage and consideration of future expansion. We take the time to ask the right questions.

Natural Gas Plans

Like electricity products, natural gas plans can be fixed price, indexed to fluctuating energy markets, or somewhere in between. It all depends on your strategy.

Demand Response

If you have flexibility in your production cycles and energy needs, you might be a good candidate to earn money back from the utility during periods of high demand.

Lighting Retrofit and Green Products

We can help maximize your efficiency on the demand side with our third-party lighting installation, as well as offer renewable energy products to reduce fossil fuel consumption.

Muirfield Analytics

Our energy management system could open your access to advanced tools to help you track, manage and project your energy expense. From facility benchmarking to weather normalization, knowledge is power.

The energy services industry is broad, complex and constantly changing.

When you invite one of Muirfield Energy's Consultants to an energy analysis, you will benefit from our extensive knowledge and the latest market trends, viewed in light of your facility, and trained to maximize your efficiency while minimizing your costs.

We look forward to serving your energy needs, and helping you reach your business goals.
